

To Whom It May Concern

My name is Andy Dracons Giardina, singer/guitarist and leader of the world-renowned metal band "TOTAL ECLIPSE". It is my pleasure to write this letter on behalf of Distilled Ent. whom i have had the pleasure of working with extensively over the past year. Mr. Ryan Raes and his team have shown great professionalism, courtesy and dedication to their work in managing the bands in their roster; with regards to my band they greatly helped us to promote the band even further, booking us on a successful 2 1/2 wks long North American tour through various states as main support act for the renowned metal act IMAGIKA, in July-August 2010.

Mr. Raes and his management have also offered us some very imp't tours with famous bands which are among the top in the genre, including one with Blaze Bailey (ex-singer for IRON MAIDEN) tentatively planned for the Summer of 2011. Aside from the world-famous bands and artists whom they represent, Mr. Raes and his team also work in collaboration with many of the most imp't. media sources and outlets in the industry, including the top metal record labels, magazines and radio stations around the world.

In addition, with the help of Mr. Raes - who acted as petitioner on my behalf- and the extensive amount of documentation he provided to help support my case, I was recently able to obtain an O1 Artist Visa and renew my permanence in the U.S. to carry on working with the band. He always promptly responded and was very helpful any time I had a question or issue concerning the band and the Visa situation.

Needless to say, without Mr. Ryan Raes and his years of experience in the music business (as well as with his own very successful band VENGINCE which has attained a high level of international recognition) none of this would have been possible, and the survival of TOTAL ECLIPSE band is primarily due to him. I highly recommend the excellent services provided by Distilled Entertainment to any band/artist wishing to get more exposure both nationally and on the international level- especially if a band is serious enough to want to really make it in the music business

Sincerely,

Andy "Dracons" Giardina (Singer/Guitarist/Songwriter, TOTAL ECLIPSE)
