

Wonderland Syndrome

General Info

- Genre: **Experimental / Metal / Other**

Location **San Francisco Bay Area, California, United States**

Website wonderlandsyndrome.net

Type of Label **Unsigned**

- **Bio**

..Download the Wonderland Syndrome EP free!!..... Ever get the feeling that reality is a bad joke and human existence is the punchline? So do we. Hailing from various parts of the San Francisco Bay Area, the members of Wonderland Syndrome have come together to shatter your perception of life, the universe, and everything. The band's unique sound and style draw influence from every corner of the metal spectrum and well beyond. With a mind bending mix of heaviness and experimentalism, Wonderland Syndrome's debut eponymous EP is catching ears and rapidly circulating throughout the Northern California music community and beyond. The band's one-of-a-kind sound only serves to highlight their intense live performances, often involving bizzare stage antics and always high energy and incredible stage presence. Come see Wonderland Syndrome live and you won't regret it. Wonderland Syndrome has been in existence since August of 2009, and the band's roots extend back several years to teenage garage days and extensive experience in the hardened bay area thrash scene. Over time the band members grew tired of the monotony that comes with typical metal and decided to expand their minds and their horizons, and Wonderland Syndrome was born. Download the band's debut EP today at www.wonderlandsyndrome.net
